

I am writing to you to make sure that you know how important the FM translators of K-LOVE stations are and to urge you to not allow new LPFM stations to take priority over current FM translator service. K-LOVE is family friendly and anyone in our community can benefit from listening to their music and programming. Parents do not need to worry about what their children will hear when they are tuned in to K-LOVE. Instead, it is inspirational and encourages stronger family values which lead to stronger communities. I know many people and families lives have changed positively through listening to K-LOVE, many who just happened to find the station during a desperate time in their lives. Our local communities would be negatively impacted if this valuable service was displaced by an LPFM broadcaster providing other programming. Thank you for the opportunity to express my views on this important topic.
